Positioning & Readership

European leader and a premier reference in the international helicopter community

Helicopter Industry is the only bilingual English-French Magazine dedicated to the international helicopter industry, providing readers with in-depth coverage of the industry in the language of their choice. The widely acknowledged European leader, **Helicopter Industry** has been a trusted source of information for more than 11 years.

Our team of reporters is in constant contact with industry professionals around the globe in order to provide our readers with the most pertinent, up-to-date and comprehensive overview of the rotorcraft industry.

Our Mission

Our international editorial team strives to continually provide the most diverse, comprehensive and objective coverage of news and events from the entire spectrum of the industry. We use only the highest quality editorial, design and materials – to the benefit of our advertisers and readers.

Worldwide deliveries of new civil helicopters will total between 4,900 and 5,600 units between the years 2013 and 2017, of which 28% will be absorbed by Europe.
